Online Safety Workshop

**Online Safety Workshop
to be held at the
Hollins Branch Library**
**6624 Peters Creek Road
Roanoke
Thursday, August 25
6:30 pm to 8:30 pm**

Dear Friends:

I am pleased to invite you to attend my upcoming seminars in Roanoke and Lynchburg.

The Technology Conference, which will be held in Lynchburg, will cover technology education and training, cyber security and other technology issues. Guest speakers will cover topics including how technology companies can do business with the Federal Government and the widespread deployment of high-speed data networks.

Conference attendees will have the opportunity to visit booths, gather information and ask questions of representatives from a number of different regional technology councils and universities.

The Online Safety Workshop, which will be held in Roanoke, will cover topics such as computer security, spam and spyware, computer fraud including identity theft and safe computing for children. Whether you are a parent, teacher or simply own a home computer, this workshop will provide valuable information for protecting yourself and your family online.

Please contact either my Roanoke office at 540-857-2672 or my Lynchburg office at 434-845-8306 if you have any questions. I look forward to seeing you there.
